

Patrick Ratcliff

WEB DEVELOPER

✉ pratcliff5@gmail.com

📍 Aurora, Colorado, United States

☎ (303) 579-5842

Profile

Enterprising M.B.A., full-stack coding certificate holder, military veteran, excited to step into software engineering and web-development.

Seeking to pair web-development education with military experience focused on communication, requirements gathering, team-work and execution.

Adept leader and communicator with experience as a training coordinator, program owner and mass communication specialist in the U.S. Navy. In those roles, responsible for the development and implementation of command-wide qualification and professional skills training programs; additionally, while deployed, worked collaboratively in cross-functional teams in support of multiple mission owners.

Employment History

Ops/Sales/Logistics/Customer-Service/Marketing, Great Lakes Marine, Littleton, Colorado

June 2016 — January 2023

Manage operations via intake and delivery. Oversee stock management and procurement. Initiate and carry out special projects. Conduct sales of outboard engines. Create marketing plan and online content.

Skills: Retail · Problem Solving · Operations Management · Sales

Mass Communication Specialist, Professional Skills Training Manager, U.S. Navy, Expeditionary Combat Camera, Norfolk, Virginia

September 2010 — September 2015

Worked collaboratively in cross-functionality teams in support of multiple mission owners/ Lead colleagues through imposing obstacles while conveying professional knowledge essential to short and long-term success.

Provide real-time documentation in support of combat operations, disaster relief, humanitarian-aid and training evolutions.

While ashore, operated as command Professional Skills Training Manager, Physical Training Coordinator and warfare designation qualification program manager.

Responsible for implementation of command wide training program. Overhauled both, the physical training program and warfare designation program, to meet and exceed operator's deployment mission requirements through detailed project management.

'SECRET' Security Clearance

Skills: Problem Solving · Leadership · Teamwork · Communication · Adaptability

Small Business Consultant, Pagosa Recovery Center, Pagosa Springs, Colorado

June 2008 — June 2015

Worked intimately with entrepreneurs to evaluate short and long-term needs and develop goals to bolster a plan to achieve their vision. Formulated, researched and created a business-plan for the ramp-up, operation and marketing of a drug and alcohol clinic.

Operated as a consultant to management during start-up. Consults on continuing operations, with respect to practices, marketing, procurement and finances.

Education

Full-Stack Coding Certificate, Genesis10 Dev10 Software Developer Training Program

August 2023 — October 2023

Three months of intensive Java training. Fundamental working knowledge of front-end and back-end technologies including Java, SQL, Spring, JavaScript, and React.

Full Stack Coding Boot Camp, University of Denver, Denver, Colorado

June 2022 — December 2023

Fundamental working knowledge of front-end and back-end technologies including HTML, CSS, JavaScript, JSON, MySQL, MongoDB, Express.js, and React.js. Additionally, demonstrate ability to work on teams with demanding deadlines to create full-stack web applications.

Advanced Military Visual Journalism Program, Syracuse University, Syracuse, New York

July 2011 — June 2012

Skills: Photo-journalism · WordPress · Adobe Creative Suite

Master of Business Administration (MBA), University of Colorado at Denver, Denver, Colorado

July 2006 — June 2007

Fast-paced 11-month curriculum, consisting of five eight-week terms and a two-week international course abroad (EDHEC, Nice, France).
